L&T-S&L Engineered Power Plant wins Two Prestigious Awards for Top Performance

Nabha Power Limited (NPL), a 100% subsidiary of L&T Power Development Limited, has been recognized for top performance in the Power Sector by the Power Magazine of North America and by Independent Power Producer Association of India (IPPAI) of India. NPL operates a 1400 MW Supercritical Thermal Power Plant at Rajpura in Punjab.

Acknowledging NPL's holistic and innovative solutions in advanced technology, building projects to alleviate chronic power shortages with emphasis on environmental protection - and for doing it all safely, on time, and on budget, *Power Magazine* has conferred it the **Top Plant Award 2017 – Global Best**. NPL has also been conferred the **Best Thermal Power Generator Award 2017** for excellence in plant performance.

L&T-Sargent & Lundy was engaged as the basic & detail engineering consultant and was responsible for the entire EPC engineering of the supercritical power plant including procurement support and field engineering & commissioning services. The plant, occupying top position in merit order, has its complete capacity tied to Punjab State Power Corporation Limited. NPL had a station availability of 93%, plant load factor of 77% and auxiliary power consumption of 5.18% during 2016.
