## As we celebrate World Environment Day, L&T-Sargent & Lundy reinforces its commitment towards providing Eco-Friendly services for a sustainable future

As we celebrate World Environment Day, L&T-Sargent & Lundy (L&T-S&L) reinforces its commitment toward providing Engineering & Consultancy Services for environment friendly technologies and systems across the globe.

L&T-S&L shoulders its responsibility in supporting its customers in building a greener future through installation of FGD, SCR & SNCR to keep emissions under control and also provide Engineering Consultancy Services for Renewable Energy such as Wind, Solar and Biomass.

L&T-S&L with close association with its JV parent company Sargent & Lundy (S&L), USA are jointly offering wide range of Air Quality Control System (AQCS) Services addressed to reduce emission of Particulate Matter, SO<sub>x</sub>, NO<sub>x</sub> and Mercury in coal based power plants across the world with wide range of Technologies based on complexity of the power plants.

S&L expertise & knowledge base is available to L&T-S&L in its endeavor to provide comprehensive and proven engineering services for the emerging needs of stringent environmental emission control norms.
